

**BELOW IS AN EXACT EXCERPT FROM THE
MICHIGAN CONSTITUTION OF THE
1978 HEADLEE TAX LIMITATION AMENDMENT**

**Michigan Constitution, Article 9, Sections 6 and
Sections 25 thru 34**

Michigan Constitution, Article 9, Section 6: Real and tangible personal property; limitation on general ad valorem taxes; adoption and alteration of separate tax limitations; exceptions to limitations; property tax on school district extending into 2 or more counties.

Except as otherwise provided in this constitution, the total amount of general ad valorem taxes imposed upon real and tangible personal property for all purposes in any one year shall not exceed 15 mills on each dollar of the assessed valuation of property as finally equalized. Under procedures provided by law, which shall guarantee the right of initiative, separate tax limitations for any county and for the townships and for school districts therein, the aggregate of which shall not exceed 18 mills on each dollar of such valuation, may be adopted and thereafter altered by the vote of a majority of the qualified electors of such county voting thereon, in lieu of the limitation hereinbefore established. These limitations may be increased to an aggregate of not to exceed 50 mills on each dollar of valuation, for a period of not to exceed 20 years at any one time, if approved by a majority of the electors, qualified under Section 6 of Article II of this constitution, voting on the question.

The foregoing limitations shall not apply to taxes imposed for the payment of principal and interest on bonds approved by the electors or other evidences of indebtedness approved by the electors or for the payment of assessments or contract obligations in anticipation of which bonds are issued approved by the electors, which taxes may be imposed without limitation as to rate or amount; or, subject to the provisions of Section 25 through 34 of this article, to taxes imposed for any other purpose by any city, village, charter county, charter township, charter authority or other authority, the tax limitations of which are provided by charter or by general law.

In any school district which extends into two or more counties, property taxes at the highest rate available in the county which contains the greatest part of the area of the district may be imposed and collected for school purposes throughout the district.

Michigan Constitution, Article 9, Section 25: Voter approval of increased local taxes; prohibitions; emergency conditions; repayment of bonded indebtedness guaranteed; implementation of section.

Property taxes and other local taxes and state taxation and spending may not be increased above the limitations specified herein without direct voter approval. The state is prohibited from requiring any new or expanded activities by local governments without full state financing, from reducing the proportion of state spending in the form of aid to local governments, or from shifting the tax burden to local government. A provision for emergency conditions is established and the repayment of voter approved bonded indebtedness is guaranteed. Implementation of this section is specified in Sections 26 through 34, inclusive, of this Article.

Michigan Constitution, Article 9, Section 26: Limitation on taxes; revenue limit; refunding or transferring excess revenues; exceptions to revenue limitation; adjustment of state revenue and spending limits.

There is hereby established a limit on the total amount of taxes which may be imposed by the legislature in any fiscal year on the taxpayers of this state. This limit shall not be changed without approval of the majority of the qualified electors voting thereon, as provided for in Article 12 of the Constitution. Effective with fiscal year 1979-1980, and for each fiscal year thereafter, the legislature shall not impose taxes of any kind which, together with all other revenues of the state, federal aid excluded, exceed the revenue limit established in this section. The revenue limit shall be equal to the product of the ratio of Total State Revenues in fiscal year 1978-79 divided by the Personal Income of Michigan in calendar year 1977 multiplied by the Personal Income of Michigan in either the prior calendar year or the average of Personal Income of Michigan in the previous three calendar years, whichever is greater.

For any fiscal year in the event that Total State Revenues exceed the revenue limit established in this section by 1% or more, the excess revenues shall be refunded pro rata based on the liability reported on the Michigan income tax and single business tax (or its successor tax or taxes) annual returns filed following the close of such fiscal year. If the excess is less than 1%, this excess may be transferred to the State Budget Stabilization Fund.

The revenue limitation established in this section shall not apply to taxes imposed for the payment of principal and interest on bonds, approved by the voters and authorized under Section 15 of this Article, and loans to school districts authorized under Section 16 of this Article.

If responsibility for funding a program or programs is transferred from one level of government to another, as a consequence of constitutional amendment, the state revenue and spending limits may be adjusted to accommodate such change, provided that the total revenue authorized for collection by both state and local governments does not exceed that amount which would have been authorized without such change.

Michigan Constitution, Article 9, Section: 27 Exceeding revenue limit; conditions.

The revenue limit of Section 26 of this Article may be exceeded only if all of the following conditions are met: (1) The governor requests the legislature to declare an emergency; (2) the request is specific as to the nature of the emergency, the dollar amount of the emergency, and the method by which the emergency will be funded; and (3) the legislature thereafter declares an emergency in accordance with the specific of the governor's request by a two-thirds vote of the members elected to and serving in each house. The emergency must be declared in accordance with this section prior to incurring any of the expenses which constitute the emergency request. The revenue limit may be exceeded only during the fiscal year for which the emergency is declared. In no event shall any part of the amount representing a refund under Section 26 of this Article be the subject of an emergency request.

Michigan Constitution, Article 9, Section: 28 Limitation on expenses of state government.

No expenses of state government shall be incurred in any fiscal year which exceed the sum of the revenue limit established in Sections 26 and 27 of this Article plus federal aid and any surplus from a previous fiscal year.

Michigan Constitution, Article 9, Section: 29 State financing of activities or services required of local government by state law.

The state is hereby prohibited from reducing the state financed proportion of the necessary costs of any existing activity or service required of units of Local Government by state law. A new activity or service or an increase in the level of any activity or service beyond that required by existing law shall

not be required by the legislature or any state agency of units of Local Government, unless a state appropriation is made and disbursed to pay the unit of Local Government for any necessary increased costs. The provision of this section shall not apply to costs incurred pursuant to Article VI, Section 18.

Michigan Constitution, Article 9, Section: 30 Reduction of state spending paid to units of local government.

The proportion of total state spending paid to all units of Local Government, taken as a group, shall not be reduced below that proportion in effect in fiscal year 1978-79.

Michigan Constitution, Article 9, Section: 31 Levying tax or increasing rate of existing tax; maximum tax rate on new base; increase in assessed valuation of property; exceptions to limitations.

Units of Local Government are hereby prohibited from levying any tax not authorized by law or charter when this section is ratified or from increasing the rate of an existing tax above that rate authorized by law or charter when this section is ratified, without the approval of a majority of the qualified electors of that unit of Local Government voting thereon. If the definition of the base of an existing tax is broadened, the maximum authorized rate of taxation on the new base in each unit of Local Government shall be reduced to yield the same estimated gross revenue as on the prior base. If the assessed valuation of property as finally equalized, excluding the value of new construction and improvements, increases by a larger percentage than the increase in the General Price Level from the previous year, the maximum authorized rate applied thereto in each unit of Local Government shall be reduced to yield the same gross revenue from existing property, adjusted for changes in the General Price Level, as could have been collected at the existing authorized rate on the prior assessed value.

The limitations of this section shall not apply to taxes imposed for the payment of principal and interest on bonds or other evidence of indebtedness or for the payment of assessments on contract obligations in anticipation of which bonds are issued which were authorized prior to the effective date of this amendment.

Michigan Constitution, Article 9, Section: 32 Suit to enforce

sections 25 to 31.

Any taxpayer of the state shall have standing to bring suit in the Michigan State Court of Appeals to enforce the provisions of Sections 25 through 31, inclusive, of this Article and, if the suit is sustained, shall receive from the applicable unit of government his costs incurred in maintaining such suit.

Michigan Constitution, Article 9, Section: 33 Definitions applicable to sections 25 to 32.

Definitions. The definitions of this section shall apply to Section 25 through 32 of Article IX, inclusive.

“Total State Revenues” includes all general and special revenues, excluding federal aid, as defined in the budget message of the governor for fiscal year 1978-1979. Total State Revenues shall exclude the amount of any credits based on actual tax liabilities or the imputed tax components of rental payments, but shall include the amount of any credits not related to actual tax liabilities. “Personal Income of Michigan” is the total income received by persons in Michigan from all sources, as defined and officially reported by the United States Department of Commerce or its successor agency.

“Local Government” means any political subdivision of the state, including, but not restricted to, school districts, cities, villages, townships, charter townships, counties, charter counties, authorities created by the state, and authorities created by other units of local government. “General Price Level” means the Consumer Price Index for the United States as defined and officially reported by the United States Department of Labor or its successor agency.

Michigan Constitution, Article 9, Section: 34 Implementation of sections 25 to 33.

The Legislature shall implement the provisions of Sections 25 through 33, inclusive, of this Article.
